VIEWFINDER SHARK (2013) BY JEAN-MARIE GHISLAIN

© JEAN-MARIE GHISLAIN / NO HEADACHE

Photographer Jean-Marie Ghislain was terrified of sharks – until he swam with them. “Ever since my first dive with sharks in Mexico, I have been touched by their beauty and power,” he writes in his new book. Including nearly 150 photos, it brings these underwater giants closer to us than most would ever dare get. thamesandhudson.com
